Hi Arkwood team and hydrogeologists,

Attached is McKesson's response to our comments re: the supplemental gw tracing summary report.

Please review and send any comments by Friday February 19, 2016.

If no further comments and you are in agreement with the response to comments and revised gw report, then please indicate that as well.

Thanks,

**Subject:** Supplemental Groundwater Tracing Summary Report

Good morning Stephen and Mark,

Attached are our responses to the comments provided by the EPA and ADEQ regarding the Draft Supplemental Groundwater Tracing Summary Report and a final version of the Supplemental Groundwater Tracing Summary incorporating your comments (and our responses to your comments).

If you have any questions, please let me know. We continue to work towards development of a work plan to perform a dye trace study during high flow conditions.

Best Regards,

***Jim***
